| D | EINE JUNG, DYNAMISCH UND TRENDORIENTIERTE FARBFAMILIE. Wir befinden uns in gedämpften Pastellen, die ein wenig durchscheinend wirken. Ein sattes Rot und nicht alltägliche Holzstrukturen setzen zudem wirkungsvolle Akzente innerhalb dieser Farbgruppe. Metallisierende Oberflächen bilden ausdrucksstarke Kontraste.

| E | A YOUNG, DYNAMIC, AND TREND-ORIENTED FAMILY OF COLOURS. Here we're in a world of muted pastels that have a certain translucent sheen. Rich and deep reds and not-everyday wooden structures additionally set effective accents within this colour group. Metallized surfaces form highly expressive contrasts.

| F | UN NUancier JEUNE, DYNAMIQUE ET TRÈS TEN-DANCE. Nous voici dans les tons pastels ombrés légèrement translucides. Un rouge soutenu et des structures boisées hors du commun mettent l'accent au sein de cette palette de couleurs. Les finitions métallisées forment des contrastes expressifs.
